BEARINGLESS MAGNETIC ENCODERS

Compact design
Easy integration with engine

High mechanical robustness
High IP rating for harsh environments

High durability
Magnetic detection without wear

Competitive costs
No modifications to the engine

SERIE MR

- Incremental 1ppr
- Shaft from Ø 11 to 19 mm
- Protection class IP67

SERIE MRH

- Incremental up to 4096 ppr
- Shaft from Ø 9 to 28 mm
- Protection class IP67

SERIE MIE

- Incremental 1 ppr
- External Ø 54 mm
- Protection class IP67

SERIE MIE48

- Incremental up to 1024 ppr
- Inox AISI 304
- Protection class IP67

SERIE BME

- Incremental up to 1024 ppr
- Absolute SSI / Analog
- Protection class IP65

SERIE E58KM

- Absolute SSI
- Multiturn up to 28 bits
- Protection class IP67
